

DAVID GEEN MODEL RAILWAY KITS

sales@davidgeen.co.uk

Welcome to our 2009 list

Thank you for taking this list. I'm sure no one needs reminding of the difficult economic period we are currently in. Prices continue to rise for my materials and energy, and I can only follow these with similar increases, although we do try to keep these as low as possible. As much as this is regretted, it is essential if we are to continue with not only our kit manufacturing, but also in developing new products.

David and Dorothy Geen.

Mail Order

Mail order is very much part of our business. We endeavour to despatch orders within 24 hours, although this isn't always possible due to circumstances outside of our control. We do however despatch as soon as possible.

Postage and Packing:

- £1p per wagon, over £40 post free.
- 50p for small items, books at cost.
- Minimum order for credit cards - £60
- Locomotives and G.W. R. carriage kits are sent only by insured, first class post at £6.00
- Overseas orders are sent by insured Air - mail at cost.

Locomotive Kits

Most of these were originally part of the Malcolm Mitchell range, now owned by Pete Waterman. We produce these kits and are looking to introduce new models.

GWR 517 class 0-4-2 tank kit	£115.00
GWR 44xx class small prairie tank kit	£120.00
GWR 45xx class 2-6-2 tank engine	£120.00
GWR 55xx class (sloping tank) engine	£120.00
GWR 43/53/63/73xx class 2-6-0 loco kit	£120.00
GWR 'Manor' class 4-6-0 locomotive kit	£120.00
GWR 'Grange' class 4-6-0 engine kit	£120.00
GWR 'Star' class 4-6-0 express loco kit	£135.00
GWR 'Castle' class locomotive kit	£135.00
GWR 'King' class express locomotive kit	£150.00

Tender kits

GWR 3,500 gallon tender – riveted type	£40.00
GWR 3,500 gallon tender – flush sided	£40.00
GWR 3,500 gallon tender – intermediate style	£40.00
GWR 4,000 gallon Collett style tender	£40.00

Other items

GWR Conical water tower – pillar type	£17.50
GWR Station Lamps – Type 1	£10.00
- Type 2	£10.00
GWR 4 Cylinder Crossheads and Slide Bars Cast In Nickel Silver	£6.00
GWR 4 Cylinder Inside Valve Gear	£10.00
GWR Speedo Assembly (E)	£2.00
GWR Bogie Brake Assembly (E)	£2.00
GWR Loco Chimneys – various	£3.50
GWR Tank Engine water fillers – sloping tank	£2.50

We have also placed orders to have the following kits produced

GWR 31xx class 2-6-2t. Churchwards large prairie.
GWR 3150 class. The large boilered version of the 31xx.
GWR 3521 class 4-4-0. This kit is planned to cover several versions including the Churchward rebuilds.
GWR 38xx Straight Framed "County" 4-4-0

All parts and fittings for the locos are available seperately.

Contact me direct for further information.

For Loco Chassis, see separate list.

G.W.R. Signal Kits

We introduced this range a few years ago to cover the most commonly found combinations of signal types during the square post period.

GW/500	4ft and 5ft Signal arms	£7.50
GW/501	2ft, 3ft and 4ft Signal Arms	£7.50
GW/502	Signal Arm and Spectacle Back Plates	£3.00
GW/503	6ft Right Hand Bracket and Centre Balance Bracket	£4.00
GW/504	6ft Left Hand Bracket and Centre Balance Bracket	£4.00
GW/505	Double Bracket	£4.00
GW/506	19 inch and 24 inch Top Stages	£3.00
GW/507	Signal Cranks and Levers	£4.50
GW/508	Signal Lamp Brackets and Guides	£3.00
GW/509	Signal Ladder	£5.00
GW/510	Signal Ladder Jig	£4.00
GW/520	Signal Post – white metal	£2.50
	Ditto with hole	£4.00
GW/521	Signal Post for Brackets with hole	£4.00
GW/522	Signal Lamps	£0.50
GW/523	Finials	£NYA

Mitchell Design G.W.R. Locomotive Chassis Kits

In response to a growing demand, we are now offering the following kits to a wider audience. They have been available as separate items for some years, but never advertised. These kits are those used in the Malcolm Mitchell designed range and are complete in every respect. All you require is to add the motor and wheels.

All kits come with everything as supplied in a complete kit, and this includes all the parts, fittings, wire, etc., everything you would want.

The frames are etched in 0.45mm (18 thou) nickel silver, with the cylinders, coupling rods, brake fittings, crossheads, all included. Frame spacers are for the three gauges – OO, EM and S4. Half etched cutouts for bearings are a feature (although we now don't supply these with our kits because of customer preferences).

Full instructions are included.

The range is-

517 0-4-2t Branch line loco	£32
44xx 2-6-2t Small prairie tank	£51
45xx/55xx 2-6-2t Prairie tank	£51
43/53/63xx 2-6-0 Mixed traffic Mogul	£55
78xx 4-6-0 Manor Class	£55
68xx 4-6-0 Grange Class	£55
40xx 4-6-0 Star Class	£59
4073 4-6-0 Castle Class	£59
6000 4-6-0 King Class	£69

These kits are only available mail order at the moment.

If once you have purchased one of the above chassis kits, you can then purchase the body kit too, as these are also available separately. You may wish to spread the cost by purchasing this way.

The prices are correct at this moment (2/09) but may be changed without notice.
